

# Clinical Performance Survey

**Name:** Centro Medico Polispecialistico Sant'Andrea - Dr. Pineto Filippo

| Overall outcomes* for : |                 |                    |                        |         |
|-------------------------|-----------------|--------------------|------------------------|---------|
|                         | Disc Herniation | Disc Degenerations | Sciatica Radiculopathy | Overall |
| 86% or More             |                 |                    |                        |         |
| 71% to 85%              |                 |                    |                        |         |
| 56% to 70%              |                 |                    |                        |         |
| 41% to 55%              |                 |                    |                        |         |
| Less than 40%           |                 |                    |                        |         |

**Comments:**

\* The above data is not peer reviewed. It is the subjective response from a Physician grading their clinical results with the SpineMED® System.

Dear SpineMED® Operator:

As part of our ongoing effort to continually improve the SpineMED® System, we are collecting clinical performance data from all users of the device.

Please complete this survey and fax it to 250-563-3177 or email a copy to [info@spinemed.com](mailto:info@spinemed.com).

Thank you for your support.

Best regards,

Tim Emsky
