

Clinical Performance Survey

Name: Dr. Charles Fulanovich - Palo Alto Chiropractic Offices

	Overall outcomes* for :			
	Disc Herniation	Disc Degenerations	Sciatica Radiculopathy	Overall
86% or More				
71% to 85%				
56% to 70%				
41% to 55%				
Less than 40%				

Comments:

With close to 90% success across the board, I am extremely pleased with patient outcomes. The caveat is careful selection of qualified candidates and knowing when to say "no, you'd be better off doing something different."

^{*} The above data is not peer reveiwed. It is the subjective response from a Physician grading their clinical results with the SpineMED® System.
